

Environmental Policy

Policy & Principles

Mace Ltd accepts that its activities impact on the environment and acknowledges its responsibilities in this area. These impacts and responsibilities will be addressed through the continued development and implementation of our Environmental Management System, which is UKAS certificated in accordance with the international standard BS EN ISO 14001.

The Company fully endorses the principle of sustainable development and will take the principle into account when developing future business activities.

Monitoring	<p>Regular monitoring of potential impacts on the environment will provide the foundation for continuous improvement of the company's environmental performance. Realistic and achievable objectives and targets, with appropriate performance indicators, will be set to support this commitment.</p> <p>As part of its environmental commitment the Company will continuously review supplier products and services and will take this into account when selecting suppliers.</p>
Legal compliance	<p>The Company is committed to prevention of pollution and compliance with all applicable legal requirements and other requirements which relate to its environmental aspects.</p>
Waste and consumption	<p>The Company will actively endeavour to reduce waste and the consumption of resources at source (materials, fuel and energy) employing environmental best practice methodology whilst conserving and, where possible, enhancing biodiversity.</p>
Responsibilities	<p>The Company will ensure employee awareness of, and commitment to, its Environmental Policy through training, seminars and newsletters.</p> <p>This Policy and the Management System will be continuously developed through a focused Environmental Development Group charged with developing Action Plans for authorisation at Board level.</p> <p>This policy statement will be displayed in all company offices and site units for information and communication purposes to employees, visitors and others working for or on behalf of the company and will be distributed to clients, suppliers or any person, group or organisation which requests a copy.</p>
